

# Boxclever Total Waste Management

# Professional Waste Industry Expertise

Boxclever is the perfect partner to help improve your waste management processes and minimise your waste.

**Optimising your waste footprint through a UK wide network of recycling and treatment facilities. Call our service centre on 0161 850 0501.**

As the name implies, Boxclever Total Waste Management Ltd delivers an all-encompassing solution for the treatment and management of industrial and business waste streams, not simply disposal.

Through strategic national and regional partnerships with the UK's leading recycling and treatment facilities, Boxclever offers an independent, customised approach that can deliver a tailored solution for your individual waste management requirements.

## **Legal and Environmental Compliance**

Boxclever's UK wide services extend to both hazardous and non-hazardous waste, offering several options, all with fast turnaround, simplified client reporting systems and complete customer focus. We work to the requirements of ISO 14001, ISO 9001 & BS EN 18001 and also operate our own Customer Charter.

### Detailed Evaluation of Your Requirements as a Waste Producer

- Technical waste characterisation specific to your industry.
- Collection and disposal of waste (including hazardous and difficult streams).
- Recycling and recovery.
- Confidential stock destruction and site clearances.
- Spillage management and tank cleaning.
- Duty of Care document compliance.
- Cradle to grave auditing of suppliers.

### Total Waste Management Partnerships

Our industry experience shows that changing attitudes to waste at shop floor level can deliver significant cost, service and environmental benefits.

The scale of our Total Waste Management solution will depend upon your organisation's waste spend but can include :

- Gaining a thorough understanding of your waste footprint and how best to optimise it.
- Remote management (supported by regular on-site attendance).
- Boxclever staff taking direct control of the waste management process and sharing expertise on-site.
- Establishing Key Performance Indicators to measure and monitor improvements in value for money and environmental performance.
- One point of contact with transparent supply arrangements and simplified invoicing.

### Secure and Legally Compliant Storage Solutions

Boxclever also offers a range of UN Approved container types for both hazardous and non-hazardous waste, suitable for large scale industrial and chemical plants through to commercial sites such as retail parks, garages, printers, hotels and office blocks, as well as schools and colleges and even clinical hospital waste.

- Aerosols.
- Batteries – NiCad, alkaline, lithium and lead acid.
- Clinical waste.
- Contaminated rags and packaging.
- WEEE – IT/office equipment.
- Fluorescent tubes.
- Paint tins.
- Printer cartridges and publishing inks.
- Used fuel & oil filters and used solvents.
- Bulk liquid waste.

**Boxclever also operates from waste management centres in the West Midlands, Greater London and North Yorkshire, providing national coverage.**
